During May, we celebrate the culture, heritage, and countless contributions of Older Workers. EPA's National Experienced Federal Workers Special Emphasis Program invites you to join the Experienced Federal Workers Observance Event, May 27, 2021, at 12:30 p.m. ET via a Teams Live Event - [Experienced Federal Workers Special Emphasis Program Observance Event](#).

The observance theme is "Innovate 2Gether". This theme will recognize the critical role older adults play in fostering the connection and engagement used to build strong, resilient communities. We are honored to be joined by our Deputy Administrator Janet McCabe, who will provide opening remarks. Following her remarks, we are pleased to have a panel of four distinguished EPA leaders who will share their career journeys and bring awareness to EPA employees and encourage them by sharing their tremendous experiences.

Our moderator for this discussion is Risa Edelman, an Environmental Analyst in the Office of Air and Radiation. Panelists include: Joanne Amorosi, Communications Director, Office of the Chief Financial Officer; Arnold Layne, E-Feds National Champion/Office of Chemical Safety and Pollution Prevention Deputy Director for Management; Eric Magnan, Chief, Water Section I, Region 9; and Sandra Rivera, Environmental Protection Specialist, Office of Mission Support/EPA's Hispanic Employment Program (HEP) Council Chair.
